

Attention all RMVE Owners, Residents and Visitors –

This morning we have been notified by a family member of a resident that there is reason to believe someone in the RMVE community may have been exposed to or contracted Covid-19. As has been previously stated we are not required to share this, but out of caution we are alerting you. We want to remind you that we are not formally notified by any agency when someone has tested positive or been transported to the hospital with COVID-19. We are prohibited from disclosing the name of the person. It is up to the resident and/or family members to notify anyone that person may have been in close contact with.

Please remain vigilant in your safety precautions and follow the directives of the new Colorado State mandate to stay at home unless you need to go out for:

- Obtaining food and other household necessities including medicine
- Going to and from work if you are a critical employee
- Seeking medical care
- Caring for dependents or pets
- Caring for a vulnerable person in another location
- Cannabis and liquor stores will remain open
- Or participating in outdoor recreation at a legally-mandated safe distance of six feet or more from other parties

We hope you will do what's best for you and your neighbors and follow this directive. We care about you.

RMVE Board of Directors
